

**Before The
FEDERAL COMMUNICATIONS COMMISSION
WASHINGTON, D.C.**

In the matter of:)	MB Docket 02-160
Amendment of §73.202 of the)	RM-10472
Commission's Rules - Table of)	(Baker, NV)
Allotments for FM Broadcast Stations)	

ERRATA

1. REC Networks has already filed comments¹ in the above captioned proceeding opposing the allotment of 296C to Baker, Nevada as it's first aural service.
2. In this errata, REC wishes to retract two statements made in our initial comments regarding providing city grade service to Ely, Nevada.
3. In our initial comments, we had stated at 6 and 8 that the proposed transmitter site would put a city grade signal into Ely, Nevada².
4. After further review of the area to the northwest of the transmitter site, we have found that obstructions would prevent the proposed station from providing city grade service into Ely. We based our original finding on hypothetical data only.
5. REC hereby retracts the statements regarding the proposed station providing city grade service into Ely.
6. REC continues to oppose the proposed allotment due to possible obstructions between the transmitter site and Baker. We also question Baker's qualification to be a community for allotment purposes.

1 - REC filed comments in this proceeding via First Class Mail back on August 12, 2002 in order to assure a timely filing. As of August 22, 2002, we have yet to see our comments posted in ECFS. We are currently working with W. Caton in the Office of the Secretary to resolve this issue as well as other related and unrelated filings from REC that have not posted in ECFS.

2 - REC had been contacted by the Petitioner whom had concerns about our original comments that had been served on them. After listening to their concerns, we had determined that we made an error in our original comments. We therefore are retracting the portion of our comments relating to the allegation that the proposed transmitter site is capable of putting a city grade signal into Ely, Nevada. REC is not retracting or withdrawing any other statement and we remain opposed to this allotment.

Respectfully Submitted,

Rich Eyre for
